Arch Painting Inc. is one of the premier commercial painting contractors in Eastern Massachusetts and Southern New Hampshire. Providing the highest quality work and professional, reliable service, Arch Painting prides itself on making customers exceptionally pleased—not just satisfied—with each and every job.

Superior Quality

People. Arch Painting believes that a quality job begins with quality people, so we employ only trained, full-time painters. Each project has a supervisor on-site the entire time to ensure that everything runs smoothly. All projects undergo a final inspection prior to certifying the job complete.

Preparation. We emphasize thorough preparation of the site from assessment to actual surface preparation. Extra attention up-front ensures that the work looks great long after our painters leave.

Products. On every job we perform an analysis of the substrate, conditions, and site use prior to recommending products. We use only premium products from manufacturers such as Sherwin Williams, Benjamin Moore, California, Cabot and Tnemec.
